## HERFURTH LOGISTICS MISSION

We want to deliver **distinctive, tailor-made** and **excellent performed project logistics solutions** to support our customers in their challenges to and from the most remote regions in the world.

**HERFURTH LOGISTICS**

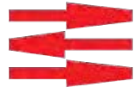

# CUSTOMER REFERENCES

HERFURTH LOGISTICS

# CUSTOMER REFERENCES

*HERFURTH LOGISTICS*

“

Herfurth has the most reliable capacity when it comes to Logistics and Freight Forwarding. Being one of the largest sustainable building company in Suriname, South-America, we have experienced cargo security through Herfurth crossing the Atlantic Ocean. Their unique businessmodel consists of dependable customers service and mutual success. Most of all they provide flexible and scalable customer focused solutions.

”

[www.kuldipsingh.net](http://www.kuldipsingh.net)

“

For many years we have found in Herfurth an experienced and skilled carrier for the transport of our pneumatic tires, having a minimum height of 3 meters and a weight of at least 2500 kg per tire. We work together with a permanent contact person, which benefits the progress of the transport. A daily ‘track and trace’ has an added value in our customer centricity approach.

Therefore: Herfurth gets things done designed to our expectations! ”

HERFURTH LOGISTICS

HERFURTH LOGISTICS

“

We have known Herfurth for more than 10 years. The Herfurth project team’s passion for excellence in execution and hard work is reflected in every aspect of the many projects which we as Technip Energies have done with them. Herfurth Projects is an “out of the box” full service provider with a dedicated leadership and operational staff. Putting the customer first along with the can-do attitude and fearless management of all types of transactions has brought the company success. This is evidenced by Herfurth continued growth and extensive footprint in the world of logistics. I would highly recommend Herfurth as a provider and partner for all type of logistics and related needs.

”

HERFURTH LOGISTICS

“

We are working with Herfurth for many years now as 3PL, doing forwarding, export documentation and warehousing.

Herfurth takes a big workload of the expeditors which gives them time to focus on priority of their task.

Herfurth provides detailed and competitive quotes even if transport details are not advanced.

Any party looking for a Logistic partner, I can highly recommend Herfurth.

”

HERFURTH LOGISTICS

“

Herfurth is a household name when it comes to transport and Logistics services. With all the years we have been working with Herfurth in Technip, Herfurth has shown that they are reliable, capable as well as having the right team in project execution.

Herfurth goes extra miles to give their client extra services where needed. In a project execution, they think outside the box to give their client that customer satisfaction.

Herfurth has executed a high volume and complex transport and logistics services for Technip.

Herfurth has the expertise to be one of the leading transport and logistics services company in the global market.
